

MATHILDE BRETILLOT

DESIGNER – INTERIOR DESIGNER – CREATIVE DIRECTOR

International Design Expeditions co founder 2014
President/ Creative Director

Mathilde Bretillot works with luxury houses in France, and produces an eclectic mix of projects, from interior architecture to product development for a wide range of brands worldwide.

Paris based, Mathilde Bretillot has lived and worked in major european cities such as Milan and London. This international experience, together with her passion for travelling, is a source of inspiration for her work. Wherever she lands, Mathilde Bretillot works and experiments with local craftsmen. Through the coordination of numerous international workshops and events, she seeks to weave connections between expertise, craftsmanship and young creators.

Her deep interest in young creators is nourished by a perpetual exchange with design students. She has taught, directed and participated in educational programs in France, Belgium, India and the UK.

Mathilde Bretillot believes that approaching matters from a multicultural point of view is essential. Inexorably exploring new territories in quest of different creative potentials, the notion of discovery is very present in her work. She seeks to stimulate and galvanize distinct know-hows to generate questioning and shed light on new lifestyles, at the service of a world where beauty is crucial.

Mathilde Bretillot Créations SAS since 2010
